

INNOVATION TIMES

INTERCONNECT 26.0

Interdisciplinary Innovation Challenge

SPONSORED BY **STRENGTH ARENA**, DAVANAGERE

HAVE AN IDEA? BUILD IT.

Turn your innovative thoughts into real-world solutions through collaboration across domains.

WHAT IS INTERCONNECT 26.0?

InterConnect 26.0 is an interdisciplinary innovation initiative where students from different branches come together to solve real-world problems through collaboration and creativity.

Participants can either:

- Submit innovative ideas and actively work on developing them
- Contribute their technical and domain skills to existing ideas through the platform

Students collaborate in interdisciplinary teams to design, build, and develop meaningful and impactful real-world solutions.

Phase 1: Online (Project-Based Work)

1. IDEA

SUBMIT YOUR IDEA OR CHOOSE AN EXISTING PROBLEM STATEMENT

2. COLLABORATE

JOIN A PROJECT TEAM AND CONTRIBUTE BY COMPLETING TASKS

3. BUILD

CONTRIBUTE BY WORKING ON TASKS AND BUILDING THE SOLUTION

Phase 2: Offline (Final Presentation)

April 10 2026 - Registration Closes

Till April 17 - Development Phase

April 18, - Final Presentation/Event

Ms. Ranjitha D S
Assistant Professor

Convenor

Dr. Shivanagowda G M
Professor & HOD

open to all GM Gems

■ 1. About the Event

InterConnect 26.0 is an **Interdisciplinary Innovation Challenge** organized by the Department of Computer Science & Engineering, GMIT. Unlike a traditional hackathon, it follows an **idea-driven collaboration model** — participants can contribute either a **problem idea** or **technical skills** to build real solutions that improve campus life.

Inspired by Google Summer of Code & GirlScript Summer of Code	Key Feature Continuous Contribution System across semesters
---	---

■ 2. Objectives

- Encourage innovative thinking across all branches of study.
- Promote interdisciplinary, heterogeneous team formation.
- Transform raw ideas into practical solutions and functional prototypes.
- Improve campus life through student-led technology.
- Foster teamwork, technical skills, and problem-solving mindset.
- Build a startup, research, and open-source contribution culture.

■ 3. Who Can Participate

Open To: All students of GM University campus(interdisciplinary participants are more prioritized)

Team Size: Individual participation allowed; teams are encouraged.

Participation Mode: Idea contributor OR technical skill contributor.

■ 4. How It Works

Step	What Happens
1. Register	Sign up on the event portal: inter-connect-self.vercel.app
2. Idea Submission	Post a problem statement OR list your technical skills (AI, web, hardware, etc.)
3. Team Formation	The portal lets contributors choose and join ideas based on their skills.
4. Build	Teams develop their solution over the event window (1 Apr – 17 Apr).
5. Mentorship	Coordinators assign work and guide teams throughout the development period.
6. Final Demo	Present your working prototype to the judging panel on 18 April 2026.

■ 5. Event Timeline

Phase	Date
Registration Open Till	10 April 2026
Development / Build Period	1 April – 17 April 2026
Final Evaluation & Prize Distribution	18 April 2026

■ ■ 6. Judging Criteria

Projects will be evaluated by a panel of CSE faculty and allied department members across the following parameters:

Criteria	Weightage	What We Look For
Innovation & Creativity	25%	Is the idea original and impactful?
Technical Implementation	25%	Is the solution well-built and functional?
UI / UX & Design	20%	Is it user-friendly and visually clear?
Impact & Feasibility	20%	Can it realistically improve campus life?
Presentation & Communication	10%	Is the demo clear and well-explained?

■ 7. Rules & Protocols

- All projects must be developed during the event window (1 Apr – 18 Apr 2026).
- Pre-built, copied, or previously submitted work is strictly prohibited.
- Participants must bring their own laptops and required accessories for the final demo.
- Teams must register through the official portal before 10 April 2026.
- Any programming language, API, or framework may be used.
- Projects must focus on campus-centric or real-world problem solving.
- Teams must maintain a public GitHub / code repository throughout the event.
- Respectful conduct toward peers, mentors, and judges is mandatory at all times.
- Decision of the judging panel is final and binding.

■ 8. Prizes & Rewards

Award	Prize
■ Winner	Cash Prize + Certificate of Excellence + Medals
■ Runner-Up	Cash Prize + Certificate of Merit + Medals
■ Top Contributors	Cash Prize + Special Recognition + Certificate
■ All Participants	E-Certificate of Participation

■ 10. Coordinators & Contact

Role	Name	Contact
